REVIEW OF THE YEAR '36

UNEVENTFUL YEAR FOR PALATINE

Start Made on New Sewage Disposal Plant.

Weather, politics and death seem to have held the center of the stage for the year of 1936 in Palatine.

With record cold and record snow during the early part of the year, new all time records were established, country roads were blocked as never before, schools were closed and the oldest "old timers" couldn't recall anything worse than the winter of 1936.

And then there was politics. The political pot began to boil shortly after the first of the year when candidates for state and county offices, began to announce their candidacies right and left.

After the elections of the local township committee this community began to take a great interest in the national, state and county elections and the Palatine township republicans for the first time in nearly forty years, organized an active and aggressive Republican club, which together with an active democratic organization, furnished plenty of political fireworks in Palatine.

Despite the great national, state and county landslide for the democrats, Palatine was carried by the republicans by a substantial majority, and while all the jobs go to the democrats, the local republicans have the satisfaction of having carried their local town by a good margin. And with the hot election fight over, the best part of it all is that the warring factions are still good friends.

A surprisingly large number of well known citizens and former citizens of Palatine, seem to have passed away during the past year.

As to Palatine's outstanding citizen, died on April 17. He was buried on the Cutting lot in Hillside cemetery, Palatine, and on Sunday, May 3, a memorial service was held at Cutting hall of the Palatine township high school, at which Palatine friends joined with other friends from Chicago and elsewhere in paying tribute to the memory of this outstanding man.

Albert S. Oims, another veteran Palatine business man and a former mayor and trustee of the village and for years an active worker in all affairs of Palatine was another outstanding citizen who passed away during the year.

Chas. Quindel also passed away during the year. Mr. Quindel was a well known farmer and cattle dealer and well known throughout northern Illinois.

Charles F. Rennaack former president of the State Bank of Palatine; John Stemple, another old time resident of the community; Mrs. Geo. F. Matthei, wife of an old Palatine business man; Charles L. Wente, machinery dealer and popular home town boy, were others who passed away during the past year.

John Reuse, another home town lad, met a tragic death in an automobile accident on Feb. 4. There were also two deaths from meningitis during the year and one from lock jaw, Arthur Clausen, a young farmer south of Palatine succumbing to the latter disease on May 16. There were many other deaths of Palatine during the year. A great many of the "old timers" having passed away.

Some of the other things which transpired in Palatine during the last year were as follows:

The Village purchased a thawing machine to take care of the freezing service pipes during the terrific cold of last winter.

The Village has also purchased a new truck with snow plow equipment, have hired a man to plow snow and are now waiting for the snow.

W. E. Schering, an old time blacksmith of Palatine re-entered the business this year at the old Hackbarth shop on W. Wood street.

Mrs. Elvora Arps-Foster of Palatine was elected state president of the W. R. C., at the convention held at Moline, Ill.

The C. & N. W. Ry. rebuilt the old water tank after everyone thought that it was being torn down for good.

Dog rabies became epidemic last spring and the state quarantine is still in effect; also a proclamation by the Mayor on the subject.

With the aid of the federal government, the county was enabled to put an asphalt surface on Palatine road. Palatine road "incidentally" was on the first \$500,000 paving program of the county board, but it isn't paved yet.

The township held a town meeting on the relief tax question, passed a 10 cent per \$100 valuation

Arlington Heights Woman's Club To Celebrate Fiftieth Anniversary

In the 1936-'37 year book, of the Arlington Heights Woman's Club, Reciprocity Day, Jan. 6, 1937, was designated by the program committee for the official observance of the fiftieth anniversary of that organization. This observance occurs next week Wednesday when the musical numbers will be by the Seventh District chorus of which Mrs. Sebré M. Baldwin is the director. The club will entertain as guests upon that occasion the official boards of women clubs of the district.

A pretty and interesting ceremony is anticipated when each of the 12 past presidents who are expected to be present will light a candle for her term and tell some of the instances of her year.

The anniversary will be most fittingly portrayed in a series of tableaux which have been in preparation for several months and which will tell the outstanding achievements of fifty years of club work in Arlington Heights.

History of the Club
In the early eighties a church was the center of the club and women held the interest of a large circle of Arlington Heights residents. After this course was completed, however, and diplomas awarded something was needed to take its place. It was Mrs. Amos W. Walker who, having been interested in woman's club work elsewhere, suggested that perhaps such a club was what was needed and could be formed here.

So, on the afternoon of January 6, 1887, Mrs. Daniel K. Draper, Mrs. Daniel East, Miss Nellie Knox, Mrs. George Fleming and Mrs. Milton Goodfellow met with Mrs. Walker in her home. After an informal program plans for a club organization were presented and enthusiastically accepted. The present Arlington Heights Woman's Club originated with this group. Mrs. Walker was its first president; Mrs. Celestia T. Best, vice-president, and Mrs. Harriet E. Farwell, recording secretary. No dues were required. The group was governed by a simple constitution and bylaws. Meetings were held weekly

tax, were told that was not legal and wouldn't do so held another meeting and passed the proper 30 cents per \$100 valuation tax.

H. L. Bockelman & Son, anticipating a business boom, got ready for it by remodeling their store. Let the boom come, say Bockelmans.

Smith and Dawson have developed considerable of a subdivision on the Rand road and are extending their operations.

A building boom is also reported for the Robert's Poultry farm area.

After many accidents and much talk, stop signs were finally installed along Plum Grove avenue by the Chicago Motor Club.

Carl D. Starck, follows in the footsteps of the "old man" Dr. Carl A. Starck and secures his medical degree.

Arlington Park race track had one of its best years breaking all attendance records on July 4th, when the record breaking crowd poured over three quarters of a million dollars through the mutual machines.

Plans for a new sewer disposal plant are all signed up and are in Washington awaiting W. P. A. approval. The total cost will be about \$240,000, with the Village supplying about \$85,000 through sewer rental bonds and the W. P. A. putting up the rest.

If approved, this project will furnish 200 men employment for six months and will at last satisfy the State Sanitary Water Board which has been on the trail of the Village board for the last six years demanding some action.

That Palatine is actually growing was proved by the big primary and election vote, by the registration and by the fact that Palatine now has three election precincts. Precinct No. 3 is all the territory

and at each meeting the program was planned for the next. Some time later the first formal year book was mimeographed, appearing in 1895.

In 1899 the Arlington Heights Woman's Club became a member of the Illinois Federation of Women's Clubs, soon after joining the seventh district of which it enjoys the distinction of being the oldest federated member. Since that time the club has faithfully followed all state and district requirements.

In regard to local achievements the establishment of a public library is one of the most outstanding. The need for such a library in the community was strongly felt and the club began to collect suitable books, accumulating 150 volumes, mostly fiction, by 1898. These books were circulated from the home of Miss Effie and Miss Lucy Shepard, both members of the club. The former served as librarian for

several years.

On December 16, 1933, during the administration of Mrs. Eugene Heller, a group of fifteen met at the home of Mrs. Bruce Jarvis and organized the Junior League of the Arlington Heights Woman's Club. Mrs. Thurman Dodge was junior sponsor; Madonnna Annen, president; Dorothy Helm, vice-president; and Marjorie McNally, treasurer.

The Arlington Heights Woman's Club has now reached its fiftieth year. Its one hundred fifty active members promise a fine future for their club as it continues to grow through the years to come.

several years.

When the library outgrew these quarters, space was secured in the public school building. As its circulation continued to grow it was moved to the room over the former Peoples State Bank, the use of which was donated by Mr. Walter Krause, Sr. By this time public interest was aroused and a tax of 1.8 mills was secured for its maintenance. It became the Public Library of Arlington Heights, under village supervision and with the club library of sixteen hundred volumes forming its basis. Mr. John Y. Beatty, an enthusiastic advocate, served as chairman of its first board. During his administration the library was again moved, this time to its present quarters in the village hall.

At a meeting of the Woman's Club, January 16, 1929, Mrs. John E. Best moved that the library fund of \$1800 be used for proper furniture and equipment for the library in its new quarters. This motion was carried. Mrs. Eleanor Hausman, president, then appointed a committee of five, with Mrs. Best as chairman. This committee, formal-

ly representing the club, purchased and presented to the village, of which Mr. Peter Mors was then president, \$1800 worth of equipment marked with bronze plates bearing the inscription: "Gift of the Arlington Heights Woman's Club, January, 1930."

Public Health and Child Welfare have also been stressed and the club has given liberally to the support of the village nurse. Through assistance in such projects the ambition of the club to be of genuine service to its own people is being realized.

Mrs. Wilhelmina De Beer Nielson, oldest born resident of Arlington Heights celebrated her seventy-fifth birthday Saturday, December 19, when a group of old friends surprised her. There were gifts of beautiful and useful articles, and hampers of choice refreshments—just jolly good things to eat.

The family and friends joined in making her 75th birthday a most happy occasion.

Mrs. Nielson was born in Dunton (now Arlington Heights) on Dec. 22, 1861 and has been a resident of Arlington Heights nearly all her life. She lives with her daughter, Mrs. Katherine Bolte.

Mrs. Nielson has endeared herself to many in Arlington Heights in her kindly, efficient ministrations as a nurse.

May Mrs. Nielson live to finish out her century here. Those to whom she has ministered will not forget her.

To Dog Owners

Because of the wide spread epidemic of rabies in this community, it is absolutely necessary that all dogs be kept confined.

There is grave danger to both children and adults if dogs are allowed to run at large.

The state quarantine is still in effect and dogs are being shot by State and County police. The township authorities will, from now on, destroy all dogs running at large.

I am receiving reports daily of the spread of rabies and we must take decided action.

Let us avoid picking on the worst news afloat as the radios and headlines do. Know something jolly good—tell it!

The weather when the weather man can't prognosticate good weather, he says "probable." So let us do about news and infer "probably good."

Way Back When

Four hotels at Arlington Heights? No it isn't a big real estate boom or a forecast for fifty years from now. It is just part of an advertisement of what Arlington had 58 years ago as contained in a copy of the Cook County Herald of 58 years ago.

Those four hotels must have been of the old time inn type where a wayfarer could get a glass of "Grog" a meal and a night's lodging.

Even way back in those old days Arlington Heights must have been quite a town with rosy prospects for the future. A real estate ad of R. B. Mitchell, realty dealer in the old days shows up as follows:

"Arlington Heights, 1200 inhabitants, 40 business firms, 4 hotels, 2 elevators, 3 churches, 8 stores, 1 flouring mill, 2 foundries, one of which will employ 150 men, 2 carriage factories, 1 lumber yard, 1 sash and blind factory, 1 windmill and threshing machine manufactory, 5 parks and a \$10,000 school house."

The old Cook County Herald covered a wide field in its news stories in those old days. It carried local news from Palatine to Irving Park. It also carried stories of world news, dispatches from foreign countries and from all over America, east, west, north and south.

A column was also conducted under the heading of "The Old

World," which carried stories of royalty and the doings of the people of European Aristocracy.

People in the old days used to take the law into their own hands at times when they punished youthful desperadoes with a dose of salt and pepper fired from a shot gun, as evidenced by the following item:

"Those boyish vandals who go about at night unhanding gates, mutilating shade trees and committing other depredations may yet hear from some of their nocturnal visitations by means of a shot gun well charged with salt."

An item in the Park Ridge News gives the average attendance at the Park Ridge school as 87 and the cost per pupil as \$16.00 per head, per year. An Arlington Heights news item says that "A new lamp post is being erected in front of store No. 26."

A school tax levy of \$2,000 was passed by the Park Ridge school directors.

Elections in those old days furnished just as much excitement and cries of "boss" rule as they do now evidently judging from the following political news from Des Plaines.

"The elections in this Village go just as I will them" said one who was a candidate for honors only a week ago. Saturday evening, however, enlightened him a little on the matter.

It looks as though the old rut in which this village's elections have been run for a few years past, was about to be overhauled. It is none too soon that the citizens were looking after their own interests.

Arlington Heights Items
Mrs. Bloomfield is due for another visit to Arlington Heights with a supply of bonnets and millinery goods.

Now is the time to subscribe to the Herald and children to have the measles.

And how times have changed since those good old "horse and buggy days" as evidenced by this Palatine item: "Dr. Sheffner has during the past winter rode through the mud an average of 30 miles per day. He and his horse still survive."

And so good by to those good old "horse and buggy days" of nearly sixty years ago.
Who has any more of those "Way back when" papers with news of this locality from the days of long ago?

ARLINGTON ABOUT TO GO PLACES

(Continued from Page 1)
 Mother Nature gave out early in the year. Upon Jan. 24, with the temperatures down to 20 and 25 below zero, all schools were closed. On Feb. 7, the Herald reported that there had been 53 consecutive days of snow. Upon Feb. 14 the Herald reported that the road men had fought a losing battle with the snow. Succeeding storms further tied up traffic and roads and the village had to resort to dynamite to break the ice jam in the mouth of the sewer. The issue of Feb. 21 carried the heading "Frozen water mains become problem." And then came spring and

Politics
 By March 20 five candidates for governor had opened headquarters in Wheeling township. Local fights for committeemanships were warm and much news ink was used by the candidates. Following the spring primary, party campaigns were opened and there was a return to the old soap box marching club days, with loud speakers and radio taking the place of the box and a whirlwind of local meetings and free card parties taking the place of marching clubs.

Wheeling township went Republican—so did Maine and New Hampshire.

Death Takes Old Timers
 Death has taken its usual toll the past year. Among those who have passed on are a few old timers, who have been identified in many ways with the earlier days of the community. J. P. Hausman, 82, was taken Jan. 20; Mrs. Louis Broeske, 83, on Jan. 28; H. W. Freise, 76, March 26; Sherman E. Pate, 69, June 20; J. B. Crofoot, 74, Sept. 15. There were many others, prominent in neighboring communities and well known in Arlington Heights who bid their last farewell.

In your home the whole year rest; Nineteen hundred thirty-six Brought much wrong through politics; May 1937 bring truth and justice leave.

Happy New Year! Grow not weary Helping this world to be cheery; Happy New Year, let us run, Ever onward with the sun; Happy New Year! Don't look back To see shadows behind your back; Courage! On in home and state, Make this year most blest to date.

December 24, no snow in sight. A most wonderful holiday season. We are sure there are no bodies lurking in the arbitration colors that fold in our glory but sunsets.

Our neighborhood patrol commanded by Dickey and Jamie has been negligent of us this week, no doubt a wider field of duties called them to other scenes. Dear little scorns, they seem so full of concern.

The night before Christmas, The world was a house, Filled with Christmas carolers, No wonder Mickey the Mouse Put in his good share our cheer to arouse.

They quote Mother Carey's chickens come home. Now this old mother to all children even if grown up, has no real live chickens, but we have a kind, good friend on the west border of the town who always attends to seeing that our Christmas chicken come home to roost on our dinner table.

Kind hearts are more than coronets and kind hearted friends and neighbors are more blessed than a king's crown. This has no reference to ex-king David leaving his crown for another man's wife.

Observer is staggered with the overwhelming number of greetings from near and far, for which no words can express my sincere appreciation. Beautiful remembrances these are not possible to respond to individually. God bless you, everyone, who so prettily remembered and dear friends do not let the new year go by without coming to let me again see your dear kind faces. I do thank you.

Monday night came the "Camp Fire Girls," ten or twelve of them. Margaret Harris tried to hide behind another pretty maiden so I'm not sure if I got her in my count. Miss Laughlin, their guardian, who is one of our north side highly respected teachers, accompanied them. They never can know how they cheered and strengthened us for some heavy duties. We two old

Though drifts were mountain high, Some friend would seek the hearth fires glow; To help the hours speed by.

O neighbors kind and good to know, None dared the weak to wrong, They knew no cast of high or low, When winter nights were long.

True, gentle folks, who e'er can show, Your like in city's throng, Sharing each others joy or woe, Like child hearts, simple, strong.

They sped the hours in happy flow, Of jest or tale and song; O comradeship of long ago, When winter nights were long.

Christmas is the great homecoming time of all the year. Boys and girls come home from school and college, a joyous time it is when we get together and tell of experiences, a real factor in our education. God bless the homes where these students come to have a brief season to air their newly acquired knowledge and enjoy real home cooking.

Yes, a red letter day for the homecoming of friends who had long isolated themselves in far off lands.

Next to the joy of the home-comers, is the joy of getting a letter from an old friend and neighbor. Such a letter come today from Mr. J. J. Dietrich—yes and containing the same token of remembrance that he and dear Olive used to send to us each Christmas. It was good to hear from him, like all Californians he keeps alive the tradition of good weather, glad to hear Isabella was with him, and look here J. J., if you see work ahead in putting your doorway in order, you should see ours. However, 1937 must look after that.

Wishing a happy New Year to everyone, our hearts are heavy today over the wrongs that should be upheld. We observed the glorious Christmas day, we rejoiced as never before in the coming of our Lord Jesus Christ in world wide celebration. May God forgive us for permitting evil and depraved hide under the most sacred of places of worship. May we not indulge in wordy resolutions for the New Year. But let us rather do all within our might to clean and make fit unto God's service, the pathway of our feet, following our great example.

The new year dawns with cheerful light, God grant its closing be as bright; May we upon its latest day, Be able with great joy to say; I have performed each duty known, Much good for others I have done; May we be wiser at its close, And stronger still to choose the right, Than when its sun upon us rose.

"Happy New Year, everyone." You may not understand why it is

sandwiched in here. Let me tell you about it. Over 70 years ago a teacher of a select school required the class in grammar to analyze and parse the lesson in rhyme, to be composed by one of the class. Your old friend Observer was the one chosen, thence the placing of the above over seventy years old rhyme in this column.

Thinking of the olden days this rhyme came back on a long string of pleasant memories. Pardon the personal allusion, yet how can one get away from the work of a lifetime?

Beautiful isn't it that the old year goes out with our hearts full of the great joy of Christmas? The new year comes in with tremendous outlook for work to be accomplished. Let us enter it with that over seventy year old prayer—"May we be wiser at its close than when its sun upon us rose."

A happy New Year to everyone and God bless you.

Happy New Year, forward face, Brave to struggle, brave to dare, Gird your armour for the pace, God is with us everywhere.

Happy New Year! Look not back, Sometimes there the shadows fall, Face the future on its track; Shade and sunshine come to all.

Happy New Year, keep your dreams, Treasure every loving word; When the darkest hour seems To engulf their echoes, heard.

Thorns may pierce and foes deride, Heavy burdens bear you down; One is walking by your side, One who wore a thorny crown.

Happy New Year! On and on, Through the cycle of its days; Looking forward soon are gone, All its stress and danger ways.

Soon will pass its joy, its tears, All the problems, all the grief; Added to your chain of years, May this New Year bring relief.

Happy New Year! Hopes bright star, On its path the still wend, Precious gems, forever are Waiting where it leads dear friend.

Happy New Year! May God bless All who meet it undisimaged; Calm and cheer offset its stress, Meet and greet it unafraid.

Happy New Year! Elinore Crisler Haynes.

First Use of Carrier Pigeons
 Carrier pigeons were first brought to the attention of Europeans during the First Crusade when the Saracens were found to employ them regularly for conveying information to their armies. During the siege of Paris in 1370 communication with the outside world was regularly maintained by carrier pigeons.

Eastern Star Notes

The annual Christmas party sponsored jointly by the Arlington Heights Masonic Lodge and the Eastern Star chapter, was held on Thursday evening, December 17, 1936.

Singing of Christmas songs and viewing moving pictures, climaxed by a visit from Santa Claus, who distributed gifts to the children, proved to make a very happy evening for all present. Refreshments were then served to the entire assembly.

On December 22, a special meeting was held for the purpose of initiation. It was very gratifying to see with what efficiency the new of-

ficers performed their work.

The three candidates were: Miss Florence Patrick, Miss Jane Thorson, Miss Helen Walsh.

Mothers of the candidates were honored guests and Sister Frances Thorson, the junior past worthy matron, conducted the initiatory ceremony.

Refreshments by Sister Clara Carlson and committee.

The Season's heartiest greetings are extended to all.

Arlington and Leyden Take Tourney Openers

The four team Arlington tournament got under way Tuesday night with 2 well played, hard fought games. In the draw Arlington stacked up against Barrington in the first contest and after a stiff battle managed to draw out in front at the finish 26-22.

Palatine took on Leyden in the aftermath, but after playing a smart aggressive game for almost three quarters, wilted before a Leyden drive in the last 12 minutes to lose 14-22.

This places a Palatine-Barrington set to as the curtain raiser for the finale tonight—Wednesday—with Leyden meeting Arlington in the finale to see which team can come off unscathed in this two day tourney. Both of these should be well played, red hot affairs since the two pairs of teams seem to be evenly matched.

The Arlington Barrington opener started off rather slowly with each team apparently striving to feel the other team out. This cautious playing held for almost the entire first half, which ended with Arlington out in front 13-12. The game speeded up in the second half with Annen, Pingel and Schneberger connecting for some nice baskets. These three got three goals each to head the scoring.

Barrington kept in the running mainly by means of free throws. They connected with 14 out of 22 attempts. These with their four field goals kept them right on Arlington's heels. Grabenkort was unable to connect on his shots from the field, but was deadly from the free throw line.

For a half last night, the tall Palatine quintet was the best team on the floor. Kamm, Haemker and Koch were scoring enough to keep a safe lead while Philbin and Bretsnyder were putting on a real defensive show.

In the second half, however, a concerted Leyden drive particularly by the guards Weidemeyer, Zupker, and Long, seemed to daze the Pirates and they gradually faded to trail 22-14. Nelson had kept the ultimate winners out in front in the first half by some aggressive playing.

Palatine's vital statistics for the year of 1936 as shown by the official record—reveals 55 births and 32 deaths.

There were several Palatine people who died in other cities whose names do not appear on this record, their deaths being recorded in the district where the death occurred. The same applies to the registration of births.

In comparing the 1936 figures with the figures of 1935 the records reveal that there were 40 deaths last year as compared to 32 in 1936.

In the matter of births the records are nearly equal, 1936 having 55 as compared to 54 in 1935.

New Year's Resolutions a la Alphabet

Resolutions may go a long way towards making the next year a profitable one for the dealer who carries them out faithfully. Why not set up a check-chart to guide you, and then how close to the line for the next 365 days? Here are some resolutions, in alphabetical order: (Check Here)

- I WILL
- Adjust my business to conditions as they are today, not as I hope they will be tomorrow.
- Be a better advertiser and merchandiser; let people know I am here, and make them talk about me.
- Call for more rigid analysis of my business to see what improvements can be made in appearance and service.
- Do a better job of applying more intelligence to the operation of my business.
- Eat into the problem of expense, attacking costs so that every classification will share in the necessary reductions.
- Found a sound business policy and improve it to meet changing conditions.
- Go over all so-called "service" features, and convince myself that they really do serve the customer.
- Hold and establish prices which will give me a reasonable profit on everything I sell, regardless of who else cuts prices.
- Instill faith in myself, in my business, and in my community.
- Jump at new ideas, new methods or new equipment with an open mind.
- Keep my place of business the talk of the town.
- Leap to every effort that will make my service as complete as possible.
- Make every effort to keep my place of business inviting to the public, outside as well as inside.
- Number every business building plan for the year, and plan well in advance so that those plans may be carried out.
- Outlaw every thought of lower standards to meet lower prices, because good will and prestige are attained at too great a price to be discarded lightly.
- Plan to respect my business, and to make others respect it.
- Strive to advertise to better advantage.
- Train my sales people to sell more intelligently.
- Utilize the telephone to the best advantage; cultivate a pleasing telephone voice; answer calls promptly and without undue delay.

Big New Year's Show at Catlow

The stage is set to Sing out the Old and Ring in the New Year at the Catlow theatre, Barrington, Thursday night. At the two early evening shows at 7:00 and 9:00 p. m., Joel McCrea and Jean Arthur will be seen in "Adventure in Manhattan."

At 11:15 p. m., the New Year's Eve midnight show will begin. A group of the merriest short subjects will hold the screen till 11:55. At that time the community sing will speed the fleeting minutes of the Old Year, and welcome the brand new 1937, with a roof-raising celebration at the stroke of twelve.

Following the sing comes the scoop of the evening with the showing of "The Big Broadcast of 1937."

For Friday, New Year's Day, the management of the Catlow has been prevailed upon to hold over "The Big Broadcast of 1937" for the many patrons who find it inconvenient to attend the midnight matinee showing.

"Valiant Is The Word For Carrie," will play Saturday night. The celebrated actress, Gladys George, has the leading role in this story of a woman with shady repute. In addition to short subjects the Saturday 9:00 p. m. gift event will be held.

Sunday and Monday brings another grand picture, "The Devil is a Sissy." Freddie Bartholomew, Jackie Cooper and Mickey Rooney are starred, with Ian Hunter and Katherine Alexander playing the mature roles. Color cartoon band act and late news will complete the Sunday-Monday program.

"And Sudden Death" and "And So They Were Married" will make up the double feature bill for Barrington Night, next Tuesday. Randolph Scott and Francis Drake appear in the first film and Melvyn Douglas and Mary Astor are starred in the second number.

"Old Hatch," scheduled to play next Wednesday, Thursday and Friday, is just such another adventure as everyone loves. And Wallace Beery creates a character of the town loafer that has its wistful as well as its mirth-provoking side. Eric Linden and Cecilia Parker have feature roles in this number.

Itasca Crushes Arlington 38 to 27

By T. KOUZMANOFF
The Itasca church five clung to their second place tie in the league desperately last Saturday night, Dec. 26, in beating Arlington Heights 38-27. The loss shoved Arlington down into fifth place.

Elberts, Itasca's left forward, outshone the usually high-scoring Elmer Mensching by coming thru with five timely baskets and three free throws. Mensching and E. Schaper vied for consolation honors with four baskets and two charity tosses apiece.

Colba of the losers was high point man of the evening with six baskets and four free tosses for sixteen points.

Des Plaines Floors Roselle; Take Fast Game 47 to 36

By T. KOUZMANOFF
Des Plaines emerged a 47-36 victor in a Lutheran league game last Sunday afternoon in an affair that was marked by fast and furious floor work and packed with thrills that had the good-sized Sabbath crowd on its feet time and again shouting with frenzy.

Schibbe of Des Plaines led the last quarter route on the hapless but hard-playing Roselle five by heaving shots with either hand and from mid-floor. Up until the last few minutes the game was a nip and tuck battle, Roselle always within striking distance.

Schibbe was high scorer with nine baskets and two free throws for twenty points. Katschuck helped with six and one for a thirteen point total.

Scoring among the losers was well divided with Howie Dierking the stand-out through some brilliant floor work.

River Grove Noses Out
Park Ridge in Thriller

In the other Lutheran church League game at Des Plaines last Sunday afternoon, the River Grove team, last year's league champs, won a thrilling game from Park Ridge.

Kahle and Burrill led the River Grove attack.

The sports editor was unable to remain for this game so the above information was all the information he could get on the game.

Glenview Upsets
Palatine; Down League
Leaders 46 to 37

By T. KOUZMANOFF

The fast-moving Glenview Lutheran church quint upset the hitherto undefeated league-leading Palatine team 46-37 last Saturday night, Dec. 26, at the Lutheran gym in Des Plaines, mainly through the efforts of the sharp-shooting Meyer brothers, who rang up nineteen of their team's twenty-one baskets between themselves.

The league-leaders played their usual smooth-passing game, but it was a case where two brothers dominated the whole show, both on floor work and in the scoring. Beyer of Palatine kept his teammates in the ball game with eight baskets and two free throws.

The win put Glenview up into a tie with Itasca for second place, one game out of the lead.

HELP! HELP!

Coach Johnson's Bensenville Bisons were handed a rather stunning and unexpected surprise by the Palatine five last week when the latter temporarily dropped their defensive tactics to pile up thirty-three points.

McElroy's men having been winning games with less than twenty point totals.

Several important and interesting games take place as this early holiday edition goes to press.

Tuesday night, Dec. 29, the Bensenville alumnae play a practice game with the Des Plaines Lutheran church team and on the following night the older group of the alumnae play Arlington's grads.

Also, of great importance, on Tuesday and Wednesday evenings, Dec. 29 and 30, the Barrington, Arlington, Palatine and Leyden high school fives were battling it out in an invitational "blind" basketball tournament.

Some of these scores may reach this edition in time, but we intend to cover the entire tournament in next week's papers.

The editor of this column will try to get the sanction of the sponsors of this tournament to select a mythical, Press All-Tournament Team.

The Palatine Lutheran church basketball team refused to wash their shirts during their six game winning streak in the Lutheran League, for fear it would break their charm.

In spite of the dirty shirts they lost to Glenview last Saturday night for their first league loss.

A. Meyer of Glenview and C. Katschuck of Des Plaines are running a close race for individual scoring honors in the church league.

A. Meyer leads at the end of seven games of play with one hundred and five points.

Katschuck has scored one hundred and four points.

Mensching, last year's leader, is in third place with ninety-nine.

The last place Roselle entry is struggling along without the services of their reliable and ever-plugging center, Al Born.

Difficulty in rounding into playing condition played havoc on Al... he could go like a whirlwind for a half but then tired out sorrowfully... his work kept him from giving more time to practice.

Bisons Lose to
Palatine; Drop Two Non-
Conference Games

By T. KOUZMANOFF

The Bensenville high school basketball quintets were handed a couple of surprising but hard-played defeats at the hands of a pair of tall and determined Palatine teams Tuesday night, Dec. 22, on the Bensenville floor.

The lights went down 24-15 while the heavies took it on the chin 33-28 before a good-sized crowd.

With Koch and Kamm cleverly seeping through the Bison defense

time and again for set-up shots, Palatine clung to a 21-16 lead at the half.

Richard Thomas of the Bisons found the range in the second half ringing up four baskets and a free toss for nine of the twelve points his team scored in this period.

Rich was easily the star of the evening with six baskets and three free throws for fifteen points. It was mainly his uncanny shooting that kept the home five in the ball game.

Credit also should be given to his teammates, who kept on feeding him the ball.

Koch led the victors with five baskets and a charity toss for eleven counters while Kamm and O'Brien showed well with seven points apiece.

Both fives fared well at the free throw line, Palatine connecting nine times out of fifteen chances while Bensenville dropped eight out of thirteen.

In the lightweight battle the Bisons were given one of their most decisive beatings of the season by a taller Palatine five 24-15.

The visitors tall center Nangels kept control of the tip-off enabling his teammates to keep possession of the ball the greater part of the time.

Nangels and Fink led the well distributed scoring for the winners with five points apiece.

Jack Escorcia, Bensenville's star, kept up his spirited scoring pace by sinking three baskets and five throws for eleven of his team's fifteen points.

Coach Johnson's men will do battle with the alumnae Wednesday night, Dec. 30, as this edition goes to press.

Their next games following the two against the "old timers" will be at Lake Forest, Jan. 8, in conference competition.

VOICE OF PEOPLE

"WAKE UP PALATINE"

Our nearest neighbors, Barrington and Arlington Heights, are indeed pointing the way. Our need for a swimming pool may not now be as great, but even today finds us far behind these neighbors of two or three years back. We have much to catch up. How have we been sleeping? The State has lined the highway in its foresightedness. In 1947 will those trees enhance with other beauties the general distinctiveness of our Village or will the traffic then be thankful for a screen that hides some ugliness? I was in Park Ridge this evening for supper at a tea room window. I could see how old homes had been modernized to turn the avenue into a simple quaintness it had never known before. Old homes by an architect's skill and the magic of paint appeared very much like those of a New England town block. The Colonial is very fitting for our region too, don't you think? Isn't Palatine well endowed, when you stop to reckon, with an heritage of such homes of wholesome simplicity and dignity? Palatine could have an atmosphere that would rival her neighbors. Does she want it? J. W. S.

Public Given Warning Of Flu Spread

Health officials and warning the public to be on the lookout for colds, flu, and pneumonia which is right now at the highest peak since the severe epidemic of the war days back in 1918.

The spread of flu and pneumonia has been very great in the last few days and is so bad in Chicago that health Commissioner Bunden thought best to cancel a trip east to a convention in order to stay on the job and look after the health of Chicago.

All doctors seem to be unanimous in the warnings given to the public and the "do and don'ts" which they issue for people's guidance. Some of the general recommendations are as follows:

If taken with a severe cold, fever or pain in the chest, go to bed and call the family doctor. Don't eat, not even soft boiled eggs. Fast for a few days, it will do you good. Drink plenty of water and plenty of citrus fruit juices. Keep warm and keep still. Don't take any chances on wet feet and exposure. Stay away from crowded places to avoid the danger of contagion. The present epidemic while severe is not held by medical men to be as vicious a type as the one of 1918. A good cold snap with three or four inches of snow would be the best check possible for the present epidemic.

Children Win In Schroeder's Contest

Many Palatine youngsters were made happy at Christmas time when the popularity contest conducted by Schroeder's Pharmacy came to a close at 10 p. m. on Christmas Eve.

The other prizes were also valuable and the winners were all delighted with their winnings. The winners were: Boys, Lyle Busse, Kenneth Miller, Don Iverson, Don Winn, Charles Pierce, John Weiss, Jr., Elton Henning and Dickie Hahn. Girls, Reta Herr, Mildred Oltendorf, Lucille Toppie, Betty Cole, Shirley Huntman, Betty Nehrboss, Dorla Hayford and Larryene Kenzel.

Go Slow and Get There; Says Roper

Road Commissioner, Henry Roper of Palatine township, has at his finger tips a bunch of statistics that show that for every three auto accidents that happen to slow drivers, 300 accidents are sustained by fast drivers.

Henry says that goes to prove that the slow going fellows get there just the same and that at any rate they are all in one piece when they do arrive.

At least Henry gets to all the washouts and broken culverts on his beat, gets them fixed up and goes on to the next and he hasn't wound up in any hospital yet. And his friends say he never will as long as he sticks to that trusted and antiquated old Ford.

NEGRO SINGERS HERE SUNDAY

Melody Masters At M. E. Church.

The Dixie Melody Masters, famous quartet of negro singers, will give their program in Palatine next Sunday evening, January 3, 7:45 p. m., at the First Methodist church.

The Epworth League, a society of young people, with Miss Irene Godknecht as president, is sponsoring the appearance of the company. Advance indications point to a crowd of house. There is to be no admission charge, however, those holding admission tickets will be seated first until 7:35 p. m., thereafter, the non-ticket holders will be seated. The quartet includes several outstanding artists. Marion Kay, dramatic tenor, was featured in the following Broadway and loop hits: "Green Pastures," "Rhapsody in Blue," "Shuffle Along" and in Mundy's "Choristers at A Century of Progress Exposition. In 1933 Mr. Kay was featured in the Chicago Tribune Musical Festival in the spiritual, "In That Great Gettin' Up Morning." In this number he was supported by a great chorus of 1,000 voices.

George Bizzelle, bass-baritone, has appeared throughout the country as soloist, singing all the standard Oratorios, such as the "Messiah," "The Seven Last Words of Christ," "Mary Magdalene," etc. He has sung over the well known radio stations of NBC, WGN, WLS, KYW, and many others. He has made three transcontinental tours with the Garner Concert Company and three tours with the Affiliated Lyceum Bureaus of the World.

The other members of the company are equally as famous for instance Mr. Harry Mickle, tenor baritone, who has been singing in the Face Jubilee Singers, exclusive recording artists for Victor Records. The company will pass through Palatine on its way into Minnesota where they will give a series of sixty concerts under the direction of the University of Minnesota. Following that series they will go to Pennsylvania and New Jersey where they will give a series of seventy-two concerts under the direction of the Dietrich Lyceum Bureau. Palatine is indeed fortunate to have this exceptional company for concert purposes next Sunday night. You are invited to hear them.

The feature picture for New Year's day and Saturday will be "Rose Bowl" the most thrilling football picture of all time.

Other features for the week will be "Sing, Baby Sing," a great musical comedy; "Star for a Night," "Wife Never Knows" and the screaming laugh producer Patsy Kelly in "Kelly the Second."

The entire week's card is one well in keeping with the spirit of a gay New Year and offers plenty of entertainment for the show goers of this territory.

Bill Heims Is Married Big Shot at Lakes Corners

Just because Bill Heims, former Palatine tax collector and taxi driver, moved quietly away from Palatine last spring is no sign that he should expect to be completely forgotten by his old home town.

And although we may be quite a while behind time we are going to announce to Bill's host of friends that he is happily married and that he and the Mrs. are now the proprietors of the Lakes Corners Barbecue at Lakes Corners.

Bill was married on November 3rd to Miss Lillian Lohman of Lake Zurich. Miss Lohman was formerly an employee of the National Tea Store at Barrington and has a host of friends in Lake Zurich and Barrington, the same as Bill has around his home town.

Just why Bill chose election day to get married we don't know. His marriage evidently didn't influence the election results any.

But anyhow we join with Bill's host of friends in wishing the happy couple many long years of success and happiness and we know that any time any of his old friends are in the neighborhood of Lakes Corners, Bill will be mighty glad to welcome you to his place of business.

Alumni Frolic at Mid-Winter Dance Though Fail to Meet Expenses

A large and happy crowd of the Palatine Alumni and guests, attended the Mid-Winter dance at the Northwest Hills Country Club Saturday evening. Old friends and classmates joined together for a good time and they had it although the financial end of the dance failed to show a balance.

Wesley Cropper and Louise Wente, co-chairmen of the dance committee, were responsible for the large turnout and the committee worked hard in selling tickets.

Several couples played cards the early part of the evening. Punch was served. Music was furnished by Bader's Revelers.

Why Go South? Winter Golf at Palatine

William De Pue and Larry Inkster can't see why anyone wants to go south for the winter golf tournaments. They maintain that Palatine is just as good a winter sports area as Miami, Florida, Ocean Springs, Miss., Mineral Wells, Texas, Pasadena, Cal., or any of the other spots which tourists go in the winter to avoid our hard northern winters and to play golf.

The occasion for all this enthusiasm on the part of Bill and Larry was a golf match at the Meadow Grove Country club on Christmas day. The boys report that the weather was ideal, the course was in fine shape and everything was just as fine as at any southern golf course.

The boys failed to say, however, whether their scores were of the mid winter variety. We have sort of a personal hunch, however, that maybe the scores turned in were not as glorious as the weather, the course, etc. Maybe if our southern weather will keep up without any blizzards and Bill and Larry can get enough practice, they may tell us what their scores are about Washington's birthday.

UPWARD TREND IN TAXES PAID CHEERS DU PAGE

Good News In Report From County Treasurer Hellyer.

An optimistic note is sounded from County Treasurer Arthur L. Hellyer's office this week in the report that tax collections for the past year are 3.3 per cent better than they were in 1935, and 10 per cent above the 1934 figure.

Coming on the eve of the Yule holiday, the announcement will be especially cheering to members of the taxing bodies who have struggled valiantly to maintain governmental services in the face of greatly curtailed tax revenues. Only 67 per cent of the levy was collected in 1934. Mr. Hellyer's report, covering his two years in office, shows that 74.1 per cent of all current taxes were collected in 1935, and during the past year, the percentage of collection was boosted to 77.4 per cent.

Back Tax Payments Up
Even more encouraging to the taxing bodies than this upward curve in current tax collections was the showing by the county treasurer in boosting back tax payments. The figures show that \$708,935.70 in delinquent accounts was paid up this year, and together with the \$722,180.25 collected last year this makes a total of \$1,431,115.95 in back tax collections for Mr. Hellyer's two years in office.

Compared to the \$741,754.63 recorded in delinquent taxes paid during the two-year period prior to Mr. Hellyer's incumbency this is a gain of approximately 100 per cent, giving the present DuPage treasurer a state-wide record for back tax collections for the second successive year, excluding, of course, Cook county.

Township	1935 Tax Levy	1935 Taxes Collected and Distributed in 1936	Per Cent of Levy Collected in 1936	Per Cent of Levy Collected in 1935	Per Cent of Levy Collected in 1934
Addison	\$ 235,305.66	\$ 184,371.77	78.2	72.5	71.0
Bloomington	72,468.75	61,074.95	84.2	82.8	82.0
Wayne	60,572.98	55,022.28	91.8	87.5	87.7
Milton	790,175.96	617,999.95	78.2	75.2	66.7
Winfield	229,459.13	190,468.96	83.0	80.6	76.8
York	1,003,111.53	719,716.77	71.7	69.0	61.1
Downers Grove	831,748.41	646,498.35	77.7	73.6	68.2
Lisle	169,979.46	146,111.06	85.9	81.2	74.5
Naperville	113,980.89	94,513.61	82.9	81.1	74.4
County Totals	\$3,507,002.77	\$2,716,379.70	77.4	74.1	67.7

Reasons for Gain
Asked to explain the increase in tax receipts during his administration, Mr. Hellyer said that improved business conditions, with more money in the hands of taxpayers, had been reflected in a greater ability to settle up on tax bills. Combined with this has been a program of constant effort on the part of the county treasurer to enforce delinquent tax collections from property owners who had the ability but not the desire to pay. The result of this work is especially evident in the record receipts of back taxes both this year and last.

Schools, which normally receive more than half the total property taxes in DuPage county, have been particularly aided by the improved collections, and the benefits secured in lengthened terms and better educational facilities have already been felt throughout the county. However, all the taxing bodies have shared in the gain, and there is a confident feeling in all quarters that the financial stringency of the depression years will soon pass into history.

Wayne Tops List
Wayne township again leads the other eight in DuPage for percentage of 1935 taxes paid during the past year, with 91.8 per cent. Second honors go to Lisle, while Winfield, Bloomington and Naperville are all above the 80 per cent mark. The more populous townships are lower on the list, with York, having the largest population of all, again on the bottom with 71.7 per cent collections for the current year.

Figures that tell the story of tax collections in Mr. Hellyer's office follow:
